MEMORANDUM FOR: Acting Deputy to the DCI for the
Intelligence Community

FROM: Director of Central Intelligence

SUBJECT: Attachment to DCID 1/2

2. In the present form I simply cannot go forward and sign this out, even if it means a substantial delay. I have not had time to go over it in full detail, but there are some glaring discrepancies between the President's outlook on policies and what is reflected herein. Let me point out a few.

3. Sorry to hold things up while I go on leave. I suggest you get from Bob Bowie our proposed list of priorities to go into the Twenty Questions issue and see how those shake out with regard to the program in DCID 1/2.
